COOKOO, the connected watch for iPhone 5 & iPhone 4S

COOKOO™ is the first analog watch that connects with your iPhone 5 and iPhone 4S, keeps you posted, puts you in control and does not need to be recharged !

Features:

- Notifications for incoming calls, missed calls, Facebook post and messages, calendar reminders
- Remind when your device is out of range, or at critical battery level
- At the push of a customizable COMMAND button, people can take specific actions like finding their phone, snapping photos remotely, one-button Facebook check-in and tagging location on the map
- Locate your phone with the press of a button from your COOKOO watch
- Japanese movement with scratch-resistant mineral crystal glass and water resistance up to 5ATM
- Up to 1 year of battery life for CONNECTED Display and up to 3 years of battery life for analog watch movement*

*Battery life may vary based on the frequency of alerts, connection status, battery conditional etc. Frequent users can expect to replace their battery once or twice a year

The COOKOO watch is compatible with the latest Bluetooth SMART READY devices such as iPhone 5, iPhone 4S, iPad (4th generation), and iPad (3rd generation) on either iOS 6 or iOS 5. More devices will be included in the near future.
