

# COOKOO the connected watch for iPhone 5 & iPhone 4S\*

**cookoo**<sup>TM</sup>  
time to connect

COOKOO<sup>TM</sup> is the first analog watch that connects with your iPhone or iPad, keeps you posted, puts you in control and does not need to be recharged !

The COOKOO watch conveniently helps you manage your iPhone or iPad, so you don't have to constantly check on it. Its intuitive icons and alerts let you know what's happening in real-time, even when your device is tucked away.

Take specific actions at a push of a customizable COMMAND button, such as finding your phone, snapping photos remotely, one-button Facebook check-in, location tagging on the map, etc.

Remind you when your device is out of range, or at low battery level. Locate your phone with the press of a button from your COOKOO watch.

Fitted with a reliable Japanese movement, scratch-resistant mineral glass and is water resistant up to 5ATM.

\*Compatible with the new iPhone 5, iPhone 4S, iPad mini, iPad (4th & 3rd generation) and iPod touch (5th generation) with iOS 6 or iOS 5.

One-button location tagging
